

# *Trip the Light Fantastic*

## Stained Glass Lamps for continuing or experienced students

Tutor: Jon Firth  
Dates: 7 Weeks Tuesday evenings

Commencing: 9<sup>th</sup> September 2008

Times: 7 – 10 pm

Fees: Non Members \$235.00  
Members \$210.00

Minimum number of 6 students will commence workshop.

Materials are *not* included, and an oil filled glass cutter is required.

Course Outline: Students will be instructed in the technical aspects of design and construction of a stained glass lamp employing the flat foiled method. They will, under the tutor's guidance construct a lampshade of their own design. The size and complexity of the project should commensurate with the time constraints of the course and the ability of students to carry out certain facets of the project outside class hours.

Week 1: Students will view a short slide presentation detailing the techniques used in the process of lampshade manufacture. They will then be instructed in the initial planning stages of the design work.

Week 2: Completion of the lampshade design.

Weeks 3 – 7: Students will be instructed in all the processes required to complete the project.

Please bring: Oil filled glass cutter, black felt pen Artline 700, pencil, pen, note book, ruler and eraser. Other items required during the course will be advised each week.

Students are to attend class wearing closed in shoes, eye/safety glasses and appropriate clothing at all times.
